YOU ARE HEREBY NOTIFIED that on April 24, 2003, Del Ray Holm (Petitioner) filed a Petition with the Idaho Public Utilities Commission (Commission) requesting an Order requiring PacifiCorp dba Utah Power & Light Company (PacifiCorp; Company) to provide cost data for installation of underground power lines and related facilities. Petitioner has an interest in farming operations in eastern Idaho located within the UP&L service area and desires to install underground electrical lines and transformation equipment in replacement of overhead lines which service irrigation pivots.

Petitioner requests the Commission enter an Order directing UP&L to comply with its request for cost itemization, including specifications for required equipment in order that Petitioner and Del Ray Holm & Sons Farms can intelligently and appropriately seek alternative bids which meet the specifications of UP&L for the installation. Petitioner requests expedited action because of the impending irrigation season.

YOU ARE FURTHER NOTIFIED that the Commission has considered the filings in Case No. PAC-E-03-07 and its Rules of Procedure and has found it reasonable to shorten the standard time within which to file an Answer.
